We send out a regular ministry update about work and life to those who are interested. Through the updates we hope to give a better picture of everyday life in the mission field. Many of those who receive our updates have committed to praying for us and to supporting us financially. You can receive the updates by e-mail (subscribe here) or by regular mail (send us an [e-mail](#)). [From this link](#) you can read some of our updates from early 2006.

Sharing a need

Dear friends,

We are happy to tell you that after 2 years of construction we have finally moved into our new home. It is beautiful and we are relieved, happy and thankful. However, the construction is not finished and we are still under the burden of seeing it completed. There is work to be done under the house, on the outer walls and porches and the guest rooms. Part of the work to be done is to fix major mistakes in planning and construction that was done by people we trusted were doing their job well. They are urgent and important jobs to do and right now we have 4 Christian, honest and skillful builders here that can do and complete it well. If we let them go, they will find work somewhere else and it will be very hard to get them to come back later.

We have built the whole house by God's step-by-step provision. It is debt-free, a real miracle of God. We trust that God will continue providing so we can finish it, but feel now it is a time to share our need. We need \$3500 to buy the rest of the materials and pay the salaries and the food of the 4 workers. We are using the last of our resources to cover this week, but right now don't have any more.

We are inviting you to pray with us and to ask God if He would want you to donate toward this need. We appreciate any help and if you cannot, it is ok. Let's together see how God will fulfill this blessing for our family and once again provide when we are in need.

Please contact us if you want to help.

Thank you and blessings!

Diego and Salla
